

Product Description for the adidas Online Shop

A Shoe That's Ready for the Road When You Are

The adidas x Parley Road Shoes boast a BOA lacing system that lets you adjust your fit on the fly. Click to engage, turn to tighten, pull up to release—that's it. Together with a breathable Primeweave upper and a glassfiber enforced nylon plate, you've got a comfortable cycling shoe that performs in all conditions. And when you're done riding you can rest easy knowing your shoe is built with adidas Primeblue material, which is made from plastic that's been pulled from the ocean and upcycled.
